

CANARÍO

CANARIO CACHACA

Canario Cachaça is a symbol of fun, and tropical sun; it is also an inseparable element of Carnival in Rio de Janeiro and the incessant Brazilian fiesta. The exoticism and inimitable flavor of this spirit are fascinating, - and used to make the world's most popular cachaça cocktail, the Caipirinha. Canario Cachaça has the characteristically fresh, yet subtle flavor of sugarcane and a pleasantly mild, pure and harmonious taste. While many cachaça importers classify the spirit as a type of rum, the Brazilian government has lobbied hard since 2001 to have cachaça accepted as a unique category of alcoholic beverage.

COCKTAILS
