

MEZAN

THE UNTOUCHED RUM

MEZAN XO RUM

Unsweetened, uncolored and only lightly filtered, these vintage rums represent the finest, truest expression of their producer and country of origin. Once the Cellar Master has discovered a particularly exceptional rum, he sets it aside for maturation. Under his patient watch, the rum slowly ages in ex-bourbon oak casks until it has reached the height of its potential. It is then immediately bottled, one cask at a time, thereby preserving its singularity and ensuring that an unforgettable sensory experience lies within every drop of Mezan.
